

2012 KIEPERSOL CABERNET SAUVIGNON

Dark and Mysterious

This is one of the heaviest Cabernets that has been produced by Kiepersol, yet it maintains a lively fruit story throughout. The earthy nose leads you along nature's path of pine, blackberry and black currant finishing in vanilla and elegant cream. It is a powerhouse estate wine caressing the palate with blueberries and a hint of smoky flint character. Definitely a vintage to be remembered.
