

# Dirk's TEXAS GIN

## DARING...LIVE LIKE A TEXAN

Dirk de Wet was a gentleman farmer dreaming of life in Texas where everything is bigger and spirits are true. Personifying Texas before he even got here, Dirk was a free and independent spirit who never met a stranger. Tying in with all the spirits produced by Kiepersol, Dirk's is named after an iconic figure in the lives of a family farming legacy.

## DEEP...THE WELL OF TRUTH

Rivers of hope run underneath the wine farm at Kiepersol in the heart of East Texas. Tapping into an ancient aquifer, a one in a million water source revealed itself bringing the twists and turns of an timeworn underground river to the surface. This pristine water is the low mineral-content silver lining that elevates Dirk's to a crystal clear gin of distinction. 20 years in the making...drilled in '94, distilled in '14

## DRY...THE TASTE

Traditional juniper entices, but does not overwhelm. Notes of sweet orange peel and lemon characterize Dirk's from the nose to the finish. A bit of earthy spice arrives from angelica root, coriander and black pepper. Crisp and citrus-forward. Enjoy your Dirk's Gin & Tonic with a twist of orange.
